Ten Citizens Of Hawaii Invited

National Civic Federation Is To Discuss Immigration in New York Conference.

Acting Governor Atkinson has accepted an invitation from the National Civic Federation of New York, for ten citizens of Hawaii to attend a national immigration conference in New York on December 6 and 7. In his letter replying to the invitation the acting governor stated his policy to be that of encouraging citizen immigration here. The letter of invitation and answer are as follows:

August 5, 1905.

Hon. George R. Carter, Governor of Hawaii, Honolulu, T. H.

Sir:—Your Excellency is invited to appoint ten delegates to represent the Territory of Hawaii at a National Conference upon Immigration, to be held in New York City December 6 and 7, under the auspices of The National Civic Federation.

Some of the questions to be discussed under the general head are: What is the character of the net increase in the population of the United States from immigration?

Should existing legislation looking to the elevation of this character through the exclusion of undesirable elements be extended and made more effective, and, if so, how?

Should there be any change in the system of inspection, such as having it made at ports of departure, or at the home source of emigration, or at both?

Are there any external influences tending to stimulate the volume of immigration?

What are the nature, extent and locality of the demands in the United States for more labor?

AUGUST BELMONT

What domestic industries and what labor crafts are most affected by the influx of alien labor, and in what ways?

What percentage of European immigration remains in the ports of arrival such as New York, Boston, Philadelphia and Baltimore?

What practical method can be devised of distributing immigration, especially for agriculture, to points where it may be needed?

What will be the effect of the distribution of large numbers of immigrants in the South upon the problem of industrial education and social betterment of the negro race?

Should the exclusion of Chinese Coolie labor be made more rigid, and should it be extended to Japanese and Korean labor?

How shall the admission of exempted classes of Asiatics, such as scholars, merchants and tourists, be regulated?

In fact, any topic related to immigration and its effect upon our national life and industries that the conference wishes to consider may be included in its proceedings.

Yours respectfully,

AUGUST BELMONT.

President, The National Civic Federation.

SAMUEL B. DONNELLY,

Secretary, The National Civic Federation.

CHAS. A. MOORE,

President, The Civic Federation of New York.

JAMES P. ARCHIBALD,

Secretary, The Civic Federation of New York.

August 23, 1905.

Mr. August Belmont, President, The National Civic Federation, 281

Fourth Avenue, New York.

Dear Sir:—I beg leave to acknowledge receipt of your communication of August 5, inviting the appointment of ten delegates to represent the Territory of Hawaii at a national conference on immigration, to be held in New York City, on December 6 and 7, under your auspices.

I wish to state that we will be most happy to co-operate in this conference as we are especially interested in the subject of immigration. The Territory of Hawaii is the outpost of American civilization, and the people of this Territory feel that the contest for the settlement of this country by Americans or by Orientals can only be settled by the encouragement of the emigration of Americans, or such people as are eligible to become Americans, to the Territory.

ACTING GOVERNOR A. L. C. ATKINSON.
